Attention all patients:

We want to bring to your attention that the New Year resets many deductibles and out of pocket expenses.

There is also the possibility that we need to obtain prior authorization before treatment. This may include obtaining a new referral or prescription from your primary care physician at the beginning of the calendar or policy year (depending on your plan).

If we do not have this information, you will be liable for any claims that are denied.

Again, please be aware that if you have out of pocket expenses (co-pay, co insurance, deductible, etc.) you will be responsible for those at the time of service.

---

**I am aware that it is my responsibility to inform Hudson Valley Speech and Swallowing Therapy of any changes to my insurance.**

**If I fail to inform Hudson Valley Speech and Swallowing Therapy of any changes that result in non-payment of my services, I am aware that I will be responsible for payment**
